

MULTITANK

3
YEAR
WARRANTY

- The MULTITANK is favoured among architects and design consultants
- Compatible with either MEGABLU[®] or MAXIBLU[®] pumps
- The tank incorporates an energy efficient solid state level sensor which eliminates the use of moving floats
- Several fan coil units are manifolded into the 1.5 Litres MULTITANK
- Offers the installer complete flexibility surrounding any multi-unit installation

OPTION 1:

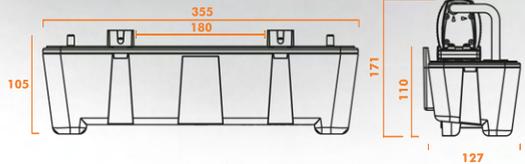

MULTITANK WITH MAXIBLU[®]

*PUMP SOLD SEPARATELY

Designed for high lift applications (8m) the MULTITANK and MAXIBLU[®] make an ideal combination. Quiet enough for ceiling mounting and powerful enough for remote location makes a wide variety of installation possibilities a lot faster and simpler.

DIMENSIONS (MM)

OPTION 2:

MULTITANK WITH MEGABLU[®]

*PUMP SOLD SEPARATELY

Offering exceptional performance the MEGABLU[®] can remove condensate far away and fast. With a head of 20m (6 storeys!) the MULTITANK with MEGABLU[®] can be used as a remote central collection point for condensate drainage.

REVOLUTIONARY SENSORY TECHNOLOGY

With no moving parts the MULTITANK offers a reliable alternative to stuck or sunken float switches. Incorporating our patented and proven thermistor technology, the hi-low solid state level sensor only runs the pump when condensate is produced. With no moving parts to become clogged or stuck, it is an ideal alternative to existing float switches.
